		Expected outcome	PSO1. Explain nomenclature, stereochemistry, structures, reactivity, and mechanism of the chemical reactions. PSO2. Gain the theoretical as well as practical knowledge of handling chemicals and apparatus PSO3. Find out the green route for chemical reaction for sustainable development. PSO4. Develop the ability to apply the principles of Chemistry. PSO5. Effectively communicate the results of their work to both chemists and non-chemists in oral or written form PSO6. Expand the knowledge available opportunities related to chemistry in the government services through public service commission particularly in the field of food safety, health inspector, pharmacist, etc. PSO7. Achieve the skills required to succeed in graduate school, professional school and the chemical industry like cement industries, agro product, paint industries, rubber industries, petrochemical industries, food processing industries, fertilizer industries, etc.
